

PROJECT PROFILE

Mountaineer Center for Wellness & Education Mylan Park Aquatics Center & Track Complex Morgantown, WV

STRUCTURAL ENGINEER:
CONTRACTOR:

Allegheny Design Services, LLC, Morgantown, WV
March-Westin Company, Inc., Morgantown, WV

PROJECT SCOPE:

ADS Sports & Recreation provided the structural engineering design for the Morgantown Track and Aquatic Center. The new 87,500 SF Aquatic Center is designed to accommodate several water-related activities. One component is the competition swimming and diving venue. That portion of the project included a 50 meter, eight-lane Olympic-quality swimming pool. Diving tower, therapeutic pool, public water park pool, classrooms, fitness rooms and concessions. Construction began in Spring 2016. Construction is complete on the track facility and supporting facilities. The pool facility came to completion Fall of 2019. Continuous involvement of ADS with the design team and March-Westin facilitated the design build approach of this project.

PROJECT VAULE: \$39 Million

COMPLETION: 2019
