

PROJECT PROFILE

**HealthNet Aeromedical Services Base 1 Expansion
 & Heliport Pad
 Morgantown, WV**

PROJECT ARCHITECT: Paradigm Architecture, Inc., Morgantown, WV
STRUCTURAL ENGINEERS: Allegheny Design Services, LLC, Morgantown, WV
CONTRACTOR: March-Westin Company, Inc., Morgantown, WV

PROJECT SCOPE:

- ADS completed the structural design of the project and served as the Engineer of Record.
- Project consisted of an addition to the existing garage and a new 45'x 45' heliport pad.
- The building addition was a PEMB (Pre-Engineered Metal Building) and required a foundation design & coordination with the PEMB design.
- Base 1 is among the first helicopter bases opened when HealthNet Aeromedical Services was founded in 1986. The program can now look back with pride on 37 years of service and over 90,000 patients safely cared for.

PROJECT VALUE: \$ 612,000

PROJECT COMPLETION: December 2023
